

Nombre: Eder Gael Saldaña Galván
Fecha: 1/Diciembre/2023

Grupo: GIR0541
Laboratorio: 6

The terminal window displays a NETCONF session with the following XML configuration:

```
<capabilities>urn:ietf:params:netconf:base:1.0</capabilities>
<hello>
  <rpc message-id="102" xmlns="urn:ietf:params:netconf:base:1.0">
    <get>
      <filter>
        <interface xmlns="urn:ietf:params:netconf:base:1.0">
          <name>GigabitEthernet0/0/0</name>
          <config>
            <interface-name>GigabitEthernet0/0/0</interface-name>
            <description>GigabitEthernet0/0/0</description>
            <ip>
              <address>10.10.20.48</address>
            </ip>
          </config>
        </interface>
      </filter>
    </get>
  </rpc>
</hello>
</capabilities>
```

A Google account login overlay is visible, showing the email address **edergaelsaldanagalvan11@gmail.com** and the name **Eder Gael Saldaña Galván**. The overlay includes a "¡Hola, Eder Gael!" message and buttons for "Administrar tu Cuenta de Google", "Agregar cuenta", and "Salir".

The terminal window displays a NETCONF session with the following XML configuration:

```
<capabilities>urn:ietf:params:netconf:base:1.0</capabilities>
<hello>
  <rpc message-id="103" xmlns="urn:ietf:params:netconf:base:1.0">
    <get>
      <filter>
        <interface xmlns="urn:ietf:params:netconf:base:1.0">
          <name>GigabitEthernet0/0/0</name>
          <config>
            <interface-name>GigabitEthernet0/0/0</interface-name>
            <description>GigabitEthernet0/0/0</description>
            <ip>
              <address>10.10.20.48</address>
            </ip>
          </config>
        </interface>
      </filter>
    </get>
  </rpc>
</hello>
</capabilities>
```

A Gmail account login overlay is visible, showing the email address **Eder Gael Saldaña Galván** and the name **Eder Gael Saldaña Galván**. The overlay includes a "La sincronización está desactivada." message and a button for "Activar la sincronización...".
